# WHAT SOME OF OUR CUSTOMERS SAY ABOUT BLUE LABEL DAHLIAS

**Greensboro, Ala.**

"I just received the shipment of dahlias from you. They came in such nice shape, looked like a Christmas package. I thank you very much for the gift tubers. I shall be glad to recommend your dahlias and your fairness to others."

**Warrior, Ala.**

"We are very well pleased with the dahlias ordered from you last year. Please send your 1930 Price List as soon as ready."

**Cumberland, Md.**

"The dahlias I ordered from you in the spring are blooming and doing nicely."

**Hiwasse, Ark.**

"I want to thank you for the box of lovely dahlia tubers received from you yesterday to replace those that I had lost because of early planting and unfavorable weather. These were the nicest lot I have ever seen. They were set with especial care. In the future you shall have all my orders for bulbs because of the nice tubers you supply and the real service you have given in the way of replacements."

**Gering, Nebr.**

"The package came yesterday and the roots are now planted. Good roots, well packed, and came in fine shape. Thank you."

**Marquette, Mich.**

"My plants are looking fine and I am delighted with the blossoms I have had. I wonder if you could make up another assortment for me next spring."

**Wayland, Mass.**

"The dahlia that you sent me last May has grown wonderfully. It blossomed very freely and the blooms were handsome and large."

**St. Joseph, Mo.**

"I have been so anxious to write and tell you about my wonderful dahlias. My flower garden is along the sidewalk and people are just going wild over them. I have lots of callers and I judge there have been more than twenty-five people ask me for bulbs so far."

**Mr. E. M. Clark, Vice-President, Ferris Institute, Big Rapids, Michigan, writes:**

"In spite of the peculiar season, I could not have asked more of your dahlias. Tommy Atkins, Patrick O'Mara, Insulinde, Golden West, The Billionaire, The Grizzly, and Flamingo were perfect wonders. The plants were vigorous, bloomed profusely with large flowers which were greatly admired by flower lovers in and around Big Rapids. I am well pleased with my purchase and have placed an order for the coming season with you."

**Mr. Dwight E. Garrigues, a prominent Avocado, Cocoanut and Cattle ranch owner in the Philippine Islands wrote as follows:—**

"The tuber reached me on May 6th. It was well packed and arrived in perfect condition. It is growing nicely and will no doubt bloom. I wish to purchase some more dahlias and would like to get them just as soon as possible, and would appreciate it if you would let me know the earliest date that you can mail them. The time of arrival, month received here, is of no factor." On October 18th, Mr. Garrigues sent his order which he states "is only another trial, not as to the quality of your stock, but to see if tubers can be shipped at this time of the year. I wish to purchase another collection and have them arrive here not later than June 1st." Mr. Garrigues gave many interesting points on the growing of dahlias in tropical climates, which lack of space makes it impossible for us to publish this year, but which will be gladly supplied to any of our patrons who may be interested in trying to grow dahlias in tropical countries.

# Special Dahlia Collections for 1930

Owing to the extreme drought last season and the consequent shortage of crop of many varieties, we have had to limit our special offers to the five numbers described below. These are all good varieties which we can recommend to any dahlia lover as worthy of a place in her garden.

## DAHLIA COLLECTION No. 1. Six Fine Dahlias for the Home Garden, \$1. postpaid.

We first offered this collection in 1927, but the demand for it has been so great that we have had to repeat our offer each year since, in order to take care of new customers who would order it after having seen the plant in bloom in their neighbors' gardens. The varieties included in the collection are not new ones, but they are all good, reliable sorts that will always make a satisfactory showing among even the best of the newer dahlias.

- 1 Kreimhilde, Cactus, Cream and pink.
- 1 Rene Cayeux, Cactus, Rich cardinal red.
- 1 Doazon, Decorative, Orange-scarlet. Very large.
- 1 Jeanne Charmet, Decorative, Lilic-pink.
- 1 Arabella, Show, Yellow and rose.
- 1 Storm King, Show, White.

## DAHLIA COLLECTION No. 2. Four World's Best Dahlias for Garden and Exhibition Purposes, \$1. postpaid.

This collection also was first offered in 1927, but at a price of \$2., which was cut in half last year, with the result that we were unable to supply the demand from our own crop. We are therefore repeating the offer this year, and with a larger stock of tubers from our own gardens we hope to have enough to fill all orders. If you want giant blooms, these varieties will produce them.

- 1 Bonnie Brae, Decorative, Cream suffused pink.
- 1 Mrs. J. de Ver Warner, Decorative, Orchid lavender.
- 1 Patrick O'Mara, Decorative, Apricot, yellow, orange.
- 1 Pride of California, Decorative, Red.

## DAHLIA COLLECTION No. 3. Six Wonderful Dahlias for the Show Garden and Cut Flowers, \$1. postpaid.

This collection was first offered in 1928, and during the past two years it has been our best seller, and justly so, for it really represents the biggest value we have ever seen. The excellent range of colors, together with the profusion of large size blooms, makes it a most desirable assortment for any garden.

- 1 Bertha Horne—a bronzy yellow and apricot hybrid cactus, awarded Certificate of Merit by the American Dahlia Society.
- 1 Diana—an immense crimson and violet reflex cactus.
- 1 Darlene—an older variety, but still one of the finest shell pink decoratives.
- 1 Sebastipol—a wonderful deep orange decorative.—one of the late Luther Burbank's best.
- 1 Swift—a massive sulphur yellow, decorative.
- 1 Aurore—a rich deep bronzy apricot and orange decorative-peony-flowered dahlia that a prominent grower describes as "one of the most attractive dahlias in his collection—a close rival to Patrick O'Mara, and perhaps a little better."

Collections No. 1, 2 and 3 make a very fine selection for the beginner in dahlia culture, and we are sure no greater value can be had at any price. Sixteen first class varieties for only Three dollars. This is what a lady in Sidon, Miss., says about them:—

"This spring I bought your collections No. 1, 2 and 3, and O, what glorious dahlias they produced—perfectly wonderful! Some of them as large as a dessert plate and every one a beauty. You may expect another order from me next spring."

**DAHLIA COLLECTION No. 11. Six Beautiful Dahlias, for \$1. postpaid.**

The dahlias included in this collection are all standard sorts which are always in demand among florists for cut flower purposes. Even if you are specializing in the newer sorts, you will want some of these varieties to complete your assortment.

- 1 Lawine, Cactus, White.
- 1 Libelle, Cactus, Dark lavender.
- 1 Frank A. Walker, Decorative, Pink.
- 1 Oregon Beauty, Decorative, Red.
- 1 Maude Adams, Show, White and pink.
- 1 Yellow Duke, Show, Yellow.

Remember, in making up our special collections we try to include such varieties as will make good under average conditions in any garden. Thus, when people see them, they always prove to be our best advertising and can be depended upon to bring more customers. For example, a lady in Lexington, Ky., writes,

"Today I saw one of your dahlias, Yellow Duke. It is beautiful. I wanted to know where it came from and was given your address. Please put me on your mailing list for catalog next spring, as I want to try some of your tubers."

**DAHLIA COLLECTION No. 10. "FLORISTS' REVIEW," Collection of 20 Cut Flower Dahlias, \$5. postaid.**

The FLORISTS' REVIEW, America's greatest floral trade paper, recommends the following list of Dahlias "that lead for cut-flower purposes"—

**Decorative Type**

Jersey's Beauty, true pink without any markings.  
Judge Marean, salmon pink, red, iridescent orange, yellow and gold, all blending.  
Mrs. I. de Ver Warner, a deep mauve pink.  
Rosa Nell, bright rose.  
Charm, burnt orange, shading to yellow.  
Delice, glowing rose pink.  
Insulinde, saffron yellow suffused russet-orange.  
Patrick O'Mara, orange-buff, slightly tinged deep rose.  
Sylvia, white, shading to soft pink on outer petals.  
The Millionaire, delicate lavender with faint pink cast.

**Cactus Type**

Countess of Lonsdale, delicate apricot.  
Bianca, lilac-rose.  
Golden West, golden bronzy yellow, with scarlet shading.

**Peony-Flowered Type**

Jan Olieslager, deep primrose yellow.  
Queen Wilhelmina, pure white with yellow center.

**Show Type**

A. D. Livoni, soft pink.  
Dorothy Peacock, bright seashell pink.  
Jean Kerr, pure white.  
Stradella, deep purple crimson.  
Yellow Duke, pure canary yellow.

If you want a collection of dahlias that will make your garden the outstanding feature in your community, or if you want to start in the "dahlia business," for the purpose of selling either cut-flowers or tubers, we know of no assortment that will meet your requirements so perfectly as this collection. And at the lower price quoted this year for the entire assortment, we are sure you could make no better investment in this line. Twenty varieties, all of them the best in their class, one tuber of each variety, all carefully wrapped and labelled, delivered to any address in the United States for only \$5.—an average of twenty-five cents per tuber.

The following letter was received from a lady in East Chicago, Ind., who purchased the above Collection:—

"I want to let you know about my dahlias. I have had some wonderful blooms—two on Jersey's Beauty that sure were wonderful, one on Charm that is beautiful, and one on Insulinde that was grand, too. These are the ones that have blossomed so far:—Stradella, Jean Kerr, Rosa Nell, Sylvia, Charm, Dorothy Peacock, Insulinde, Countess of Lonsdale, Catherine Wilcox, and Jersey's Beauty. My others are all in bud too. A man from our Park Board came to look at them last night, and he wants the other members to come and see them. He said that he did not think that dahlias ever had such large blooms. Wanted to know what fertilizer we used. I feel sure you will receive some orders from my collection. I have tried to show them, and the man that is taking care of them is as proud of them as I am, and has told many people about them. I hope yours come out fine."

### A VERY SPECIAL \$10. OFFER

Send us \$10. and we will send you, postpaid, Collections 1, 2, 3, 11, and 10, consisting of 42 tubers, and also allow you to select any 8 tubers priced at not more than 50c each in our regular list, making in all 50 tubers for \$10, or an average of 20c each—less than wholesale price.

You may already have some of the varieties included in these collections, and in case you do not care for duplicates, your friends will be glad to take such tubers at regular prices, thus giving you the other varieties which you may not have at greatly reduced prices.

We had an order for \$77. worth of tubers, mostly of the above varieties, from a gentleman in Otsego, Mich., last year, and he reports that he sold more than enough tubers from his garden to pay back his investment. You can do as well.

Please do not ask us to break or alter collections this year, as the shortage of many varieties of tubers will make it impossible for us to supply other kinds at lower prices than quoted in our regular list.

400	Laura Morris (Relyea—W. D. G.) This wonderful Dahlia was submitted to us for trial by Geo. A. Relyea, of Connecticut, in 1928; and because of its genuine merit we agreed to offer it to our patrons last year. After another season's trial, in spite of the extremely dry weather of last summer, we are even more enthusiastic than ever in our praise of the variety. The plant is a rank grower, not affected by thrip or hot weather, a profuse bloomer on long, strong stems, and a remarkably good root maker for such a large flower. Giant blooms, 9 to 10 inches across, always full centers, under ordinary field culture, without disbudding. Color a pure deep strontian yellow. The largest and by all means the finest yellow decorative we have ever seen. Sure to be a winner for both exhibition and cut flower purposes.	
	Reporting on this variety, Prof. W. D. Cramer, of the nationally known Ferris Institute, of Big Rapids, Michigan, wrote us on August 9, as follows: "Laura Morris has had a terminal blossom 8 inches in diameter, suggesting Bashful Giant in position on the stem. Its stem height is about 3 feet this year. All my dahlias are short and doing very poorly. None around here are good." On Sept. 4th, Mr. Cramer wrote, "Laura Morris has had three wonderful blossoms so far, and is loaded with good healthy buds, so I will soon have something good. This is a wonderful plant. It stands five feet tall, is a very dark green in foliage, leaves being a foot or more long, and a very heavy main stalk very much like Bashful Giant. I think it is going to turn out very satisfactory." Then again on September 16th, Mr. Cramer wrote, "Laura Morris is simply wonderful, and I would like you to see her. It must be ten or fifteen times a day that I go to her and Bashful Giant's shrine to worship. They are a great pair, very much alike in habits—he is bashful and she is coy."	
	We have a fairly good stock of this variety raised in our own gardens from tubers direct from Mr. Relyea, and can offer them this year at a price within reach of everyone	5.00

View of our new office and frost-proof Dahlia storage cellar. Here we have space for storing and handling a million dahlia tubers each season, together with all modern facilities for taking care of our customers' orders in a thoroughly satisfactory manner.

## **GENERAL INFORMATION**

### **HOW TO ORDER**

Orders may be sent by mail or placed personally at our office. Cash in full should accompany all orders. Remit by any approved method—check, post-office or express money order or registered letter. Please do not send stamps if amount is over \$1.00

### **TIME OF SHIPMENT**

All orders will be filled in rotation after April 1st, unless otherwise specified in order, in which case customer must assume all responsibility for damage from frost. We begin dividing clumps soon after digging and can usually supply any variety in quantity by January 1st or if so desired. Customers in southern states who to plant early should order tubers shipped by express, in which case we prepay charges only when order amounts \$3.00 or more. Express shipments can be made safely any time of year.

### **PACKING AND TRANSPORTATION**

We pack and deliver all tubers to your address without extra charge at prices quoted in this list, and guarantee safe arrival in all cases.

Cultural directions accompany all shipments.

### **GUARANTEE**

All tubers are strong, healthy divisions of field-grown clumps which are tagged when in bloom and absolutely guaranteed to conform to description. We also guarantee every tuber to show sprout within three weeks from time of planting or same will be replaced free of charge upon return to us.

### **REFERENCE**

We refer to the Wayland State Bank, Wayland, Michigan, as to our responsibility.

### **VISITORS WELCOME**

The varieties listed herein, and many others, both old and new, may be seen in all their glory of bloom at our gardens, located on the Mackinaw Trail (U. S. 131) in the village of Wayland, 21 miles south of Grand Rapids and 28 miles north of Kalamazoo, from August 1st until frost. Visitors are cordially invited and welcome at all times.

Order early. Always give full names and address when writing to us.
